

LC *EZ-Flip*®

**PRE-ASSEMBLED
CONNECTOR**

**Maximize Your
Productivity**

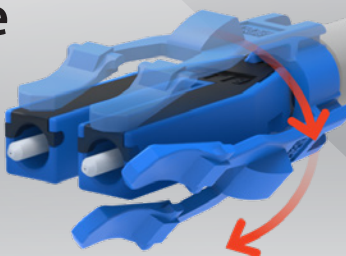

Reduce Termination Time

The LC EZ-Flip Pre-assembled Connector combines the consistent LC connector performance with easier inventory management due to less components. Enjoy greater time saving benefits with less assembly operations while reducing the risk of damage during assembly.

*Fewer parts,
quicker and
easier assembly*

Fastest Polarity Change on the Market

- Polarity reversal without twisting the fiber
- Visual A-B indicator for polarity check
- No need to open housing

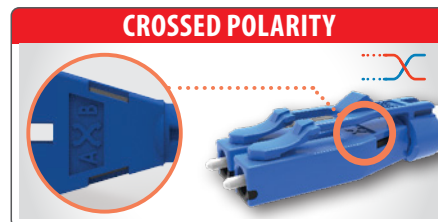

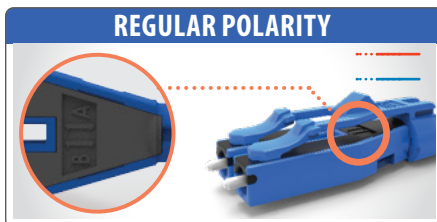

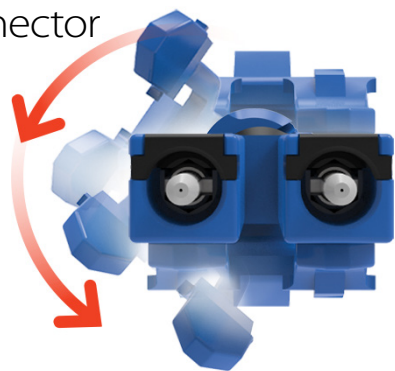

PRE-ASSEMBLED FEATURES

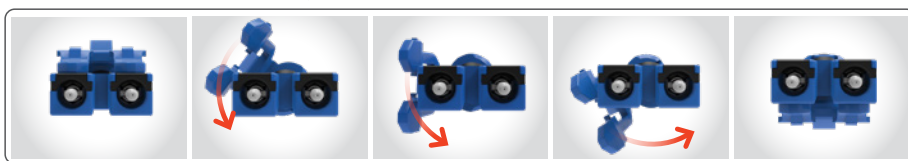

- Only 3 components for faster kitting time
- Consistent performance
- Faster time-to-market
- Easy inventory management
- Labor efficient

LC EZ-Flip CONNECTOR

The EZ-est and quickest polarity reversing LC Connector

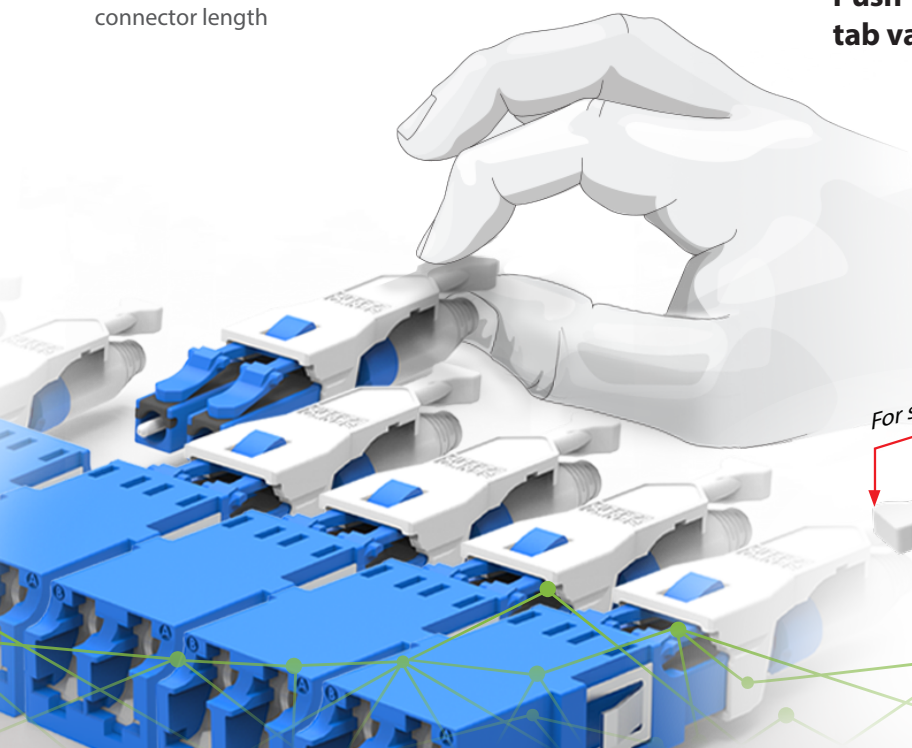

How to switch polarity:

Pull-tab for Dense Applications

- Push-pull tab in 3 variable lengths
- Short boot design for reduced connector length

Push-pull
tab variants
