

CS[®] EZ-WAY[®]

2x
double the density of LC

Double the Density of LC

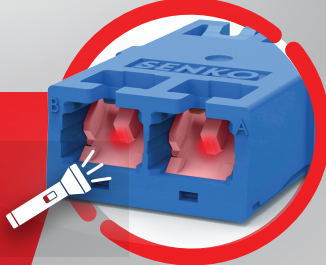

20
400G

The CS EZ-Way represents the evolution of TELCO-Grade connectivity, leveraging the established reliability of the LC 1.25 mm ferrule while featuring a reduced housing footprint. This smaller size facilitates twice the density in patch panels and optoelectronic equipment.

APC Polarity

Universal ferrule angles allow APC polarity flip

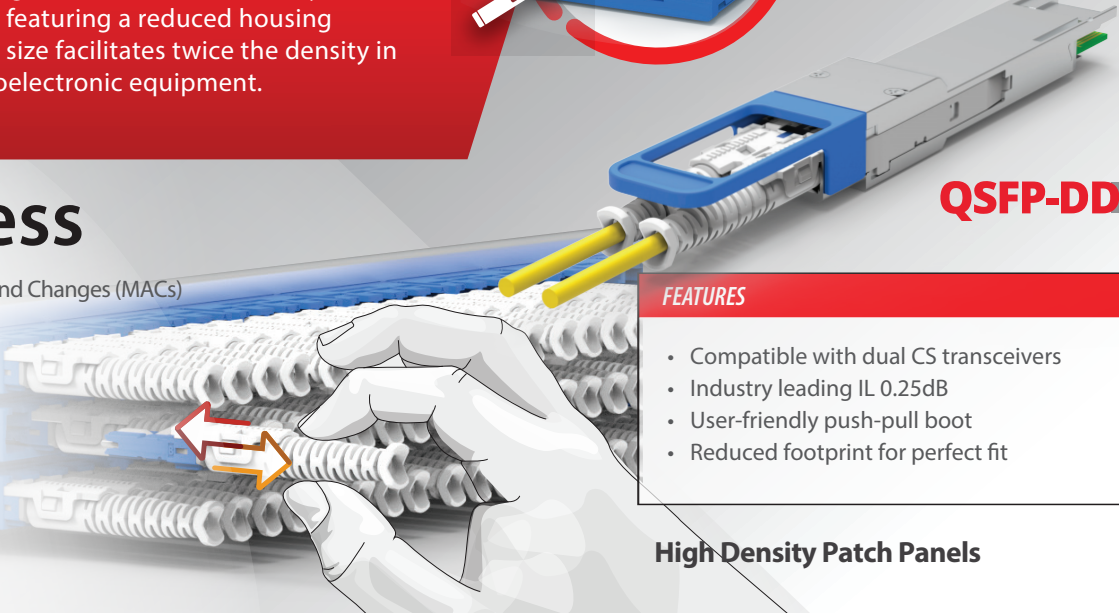

Port Traceability

CS adapters incorporate integrated shutters that glow when lit by a visible light source

EZ Access

- Seamless Moves, Adds and Changes (MACs)
- Push-pull simplicity
- Easy access even in the densest of panels

QSFP-DD

FEATURES

- Compatible with dual CS transceivers
- Industry leading IL 0.25dB
- User-friendly push-pull boot
- Reduced footprint for perfect fit

High Density Patch Panels
