

MPO *PLUS*® *EZ-WAY*™

800G
1.6TB

Tailored for
Dual 800G
Transceivers

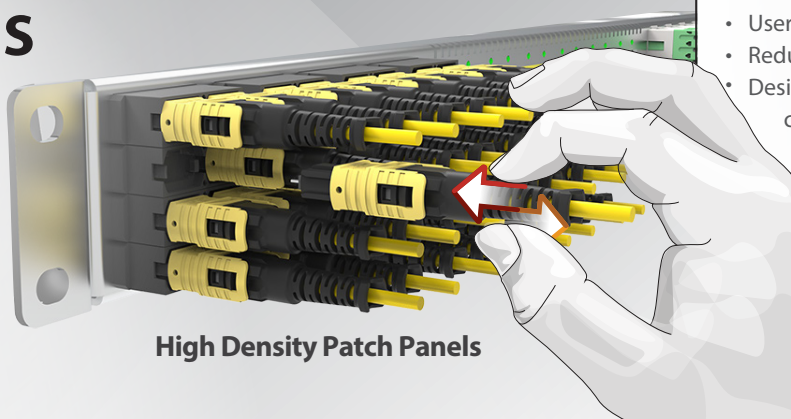

SENKO's integrated 'soft-spring' feature significantly enhances the ease of insertion and removal of MPO connectors from transceivers and adapters. This smooth spring action not only improves user-friendliness during the patching process but also prevents the generation of unnecessary plastic debris.

EZ Access

- Seamless Moves, Adds and Changes (MACs)
- Push-pull simplicity
- Easy access even in the densest of panels

High Density Patch Panels

FEATURES

- Compatible with dual MPO transceivers
- Fortified soft spring design
- Industry leading IL 0.25dB
- User-friendly push-pull boot
- Reduced footprint for perfect fit
- Designed for "belly to belly" configurations
